

Data privacy information Telekom Deutschland GmbH („Telekom“) for RDAP or Whois service

The protection of your personal data has a high priority for Telekom Deutschland GmbH. It is important to us to inform you about what personal data are collected, how they are used and what options you have in this regard

What data are collected, how are they used and how long are they stored?

When using the RDAP or Whois service of the domain management system of Telekom Deutschland GmbH, hereinafter referred to as online service, only those data are recorded, which are required to fulfill the request of common data, e.g. domain names. None of the recorded data will be stored (Art. 6 para. 1b GDPR, §25 para. 2 No. 2 TTDSG (Telecommunications Telemedia Data Protection Act)).

When you use our online service, our servers temporarily record the domain name or IP address of your terminal device as well as other data, such as the content requested or the response code.

The logged data are used exclusively for data security purposes, in particular to defend against attempted attacks on our web server (Art. 6 para. 1f DSGVO). They are neither used for the creation of individual application profiles nor passed on to third parties and are deleted after 7 days at the latest. We reserve the right to statistically evaluate anonymized data records.

To whom does Telekom pass my data?

To **order processors**, i.e. companies that we commission with the processing of data within the scope provided by law, Art. 28 GDPR (service providers, vicarious agents). Telekom remains responsible for the protection of your data even in this case. We commission companies in the following areas in particular: IT, sales, marketing, finance, consulting, customer service, human resources, logistics, printing.

To **cooperation partners** who independently provide services for you or in connection with your Telekom contract. This is the case if you order services from such partners from us, if you consent to the involvement of the partner or if we involve the partner on the basis of legal permission.

Due to legal obligation: In certain cases, we are legally obligated to transmit certain data to the requesting government agency.

Where are my data processed?

Your data are processed in Germany and other European countries. If, in exceptional cases, processing of your data also takes place in countries outside the European Union (in so-called third countries), this will happen,

- if you have expressly consented to this (Art. 49 para. 1a GDPR). (In most countries outside the EU, the level of data protection does not meet EU standards. This applies in particular to comprehensive monitoring and control rights of state authorities, e.g. in the USA, which disproportionately interfere with the data protection of European citizens,
- or insofar as it is necessary for our provision of services to you (Art. 49 para. 1b DSGVO),
- or insofar as it is provided for by law (Art. 6 para. 1c GDPR).

Furthermore, your data will only be processed in third countries if certain measures ensure that an adequate level of data protection exists (e.g. adequacy decision of the EU Commission or so-called suitable guarantees, Art. 44ff GDPR).
