GERMANY - BEST 5G VIDEO EXPERIENCE

Telekom is the Best 5G Video Experience in Germany, Q1-Q2 2026. The Ookla® Speedtest Award™ for 5G Video Experience is based on Video Streaming Score™, which captures a range of key performance indicators during the playback of a high-resolution video clip.

Market Analysis

Speedtest Map

Methodology

Speedtest Video Awards, based on data from billions of daily Consumer QoE™ tests, are representative of the real-world network performance and video playback that customers experience when consuming video content on their devices. Speedtest Video Awards are an elite designation of the operators that provide the best video experience on mobile, 5G, and fixed networks within a given market.

Speedtest Connectivity Scores:
Video Start Time: 33.33%
Uninterrupted Playback: 33.33%
HD Resolution: 33.33%
